

FemRite®

- Includes cucumber extract and aloe
- Includes wild yam extract

What is FemRite®

FemRite® is a unique female cream that contains a rich blend of wild yam extract, aloe, jojoba, and avocado extract.

DIRECTIONS: Apply ¼ to ½ teaspoon of cream to soft skin areas of the body, such as breasts, buttocks, inner thighs, and upper inner arms. Use once a day, preferably just before bedtime.

For Best Results: Use FemRite in conjunction with BioGenestein Ultra®.

To determine sensitivity, test small amount on inner forearm before first use.
